

Flooring Analysis Worksheet

Print off this worksheet. Take time to think about your room and your design objectives. Fill in this sheet and when you are finished, you will have a clear picture of the design idea you want to create with your flooring.

Questions:	Answers:
What is the daily traffic pattern in this room? Is there constant traffic? Does it always follow the same path?	
Who uses this room? <ul style="list-style-type: none"> • Adults only • Children • All family members 	
What activities are conducted here? <ul style="list-style-type: none"> • Cooking • Sleeping • Family gathering place • Messy hobbies and activities • Entertaining 	
Is softness underfoot important? Do people lie around on the floor to watch TV and play?	
Is sound proofing important?	
Is easy maintenance a consideration?	
Are you totally replacing the floor or do you have to work with what you now have?	
What do you like about the flooring you now have?	
What do you dislike?	
What is your vision for the flooring that you are replacing?	

Once you have this filled out and have narrowed down your choices, it's time to look around and comparison shop. Return to Basic Flooring to continue planning your flooring ideas.
